

Resources

The Needham Soccer website www.needhamsoccer.com has a lot of resources for coaches under the tab “coaches” We are uploading notes from our many coaching clinics.

Mass Youth Soccer’s website www.mayouthsoccer.org also has lots of information for coaches. Click on the tab “coaches”. There are recommended state curriculum guidelines for U6, U8, U10 & U12 players. They list the skill sets that players of different ages are able to do and drills and fun games to play using those skills.

Mike Singleton, Massachusetts Director of Coaching is committed to developing coaches and players at every level. Please check out his coaches’ resources library on the MYSA website as well as the clinics that they offer.

Our NSCCL teams are named for teams from all over the world- the girls U10 are named for English Premier League teams; the Boys U10 are named for teams from Africa and Central and South America. The Boys U12 teams are named for MLS teams and the Girls U12 teams are named for the Women’s professional teams we have here in the US.

Following is a list of websites you can check to find information about your team name. Get your players involved by having them research and bring a fact about their team to practice.

- What are the official team colors?
- What is the name of their home field stadium?
- Who scored a goal in their last game?
- What is the name of their starting goalkeeper?
- Name a player on the roster?

Make it fun!
